

**CUSTOMER SERVICE:** The products in this collection are strictly created for domestic use only. LaForma Australia declines all responsibility for potential claims caused by any use different from the one for which the product was created. LaForma Australia reserves the right to introduce, without any prior notice, changes in the content of this catalogue. At the same time, the colours and tones of the products are approximate. Photography and printing may differ from the original.

**GUARANTEE:** In accordance with Australian consumer law LaForma products come with guarantees that can not be excluded under Australian Consumer law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonable foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. The products distributed by LaForma Australia have a warranty of 2 years for production defects. Exempt from this warranty are products with defects caused by poor assembling, inappropriate use, wearing or aging of the product, changes in colours/materials in line with natural use of the product and/or maintenance different from the one prescribed by the manufacturer.

**CLAIMS:** Check the goods before signing the transport document for good receipt. We do not accept claims for goods which have been signed off as received properly and which are not communicated to LaForma Australia within 24 hours upon receipt.

**PRODUCT RETURNS:** Product returns must be authorized by LaForma Australia by means of our 'Return Authority'. Product returns will not be admitted for error in your order or cancellation, manipulated and/or without their original and sealed packaging.

**WOODEN FURNITURE:** Wood is a natural product with pores that absorb moisture from humidity and environmental factors which at times can result in changes in colour & design. In return it results in unique pieces of furniture. Irregular absorption of light can leave permanent stains and marks on the product. It is recommended not to place any object on its surface during the first weeks of use. Variations in surface, colour tones, and knots in the wood are characteristics of wood and therefore not to be considered a reason to claim.
